PROFILE

Dr. B.Arbabi is a highly skilled Gynecologist with 12 years of experience in providing compassionate and comprehensive women's healthcare. I am proficient in managing high-risk pregnancies, performing about 800 surgeries, and addressing reproductive health concerns. Dr. B.Arbabi is dedicated to empowering her patients through education and personalized care, ensuring optimal health outcomes. I am an active member of the board-certified cosmetic gynecologist of Iran and stay current with the latest advancements in gynecology.

EMPLOYMENT HISTORY

Gynecologist at Connecticut Women's OB/GYN, CT, Isfahan Feb 2012 - Present

- Dr. Bahareh Arbabi, a dedicated OBGYN and board-certified cosmetic gynecologist from Iran, has been making waves in her field for over a decade. With a remarkable record of 3000+ deliveries and 800 successful cosmetic gynecology surgeries, she stands as a shining star in the world of women's health.
- Dr. Bahareh has earned a prestigious Fellowship in Stem Cell and Regenerative Medicine from IASRM India and a Fellowship in Cosmetic Gynecology from ABCG. She is also a faculty member in a Cosmetic Gynecology course in Dubai showcasing her dedication to education.
- Dr. Bahareh has graced stages around the globe, sharing her expertise at events like the ISRAM World Congress 2023 in India, the Aptos Company event in Georgia and London, and the IMCAS World Congress Paris 2024. Her influence extends to her membership in ISSM (Sexual Medicine) in Dubai.
- In her homeland, Dr. Arbabi serves as the Head of the Cosmetic Gynecology Department and holds the esteemed position of a university professor at the University of Medicine in Isfahan city. Her commitment to education is evident through her collaboration with headmasters in Tehran, where she has conducted over 50 workshops on cosmetic surgeries in gynecology
- Dr. Bahareh continues to inspire the next generation of medical professionals while leaving an indelible mark on the field of cosmetic gynecology, Successfully performed over 800 minimally invasive surgeries, including labiaplasty, Vaginoplasty, and invasive surgeries like Hysterectomy....
- Managed and coordinated the care for more than 1,000 high-risk pregnancies, leading to a 98% successful delivery rate with minimal complications for both mothers and babies.
- Implemented a comprehensive patient education program, increasing patient engagement by 60% and contributing to a 25% decrease in emergency room visits related to gynecological issues.
